

Wet & Forget has been applied to seating blocks and table tennis table to remove built up algae.

Location – The Terrace Pocket Park.

All other Pocket Parks have also had the multi-surface outdoor cleaner applied. We continue to receive great feedback from the public.

Location – Metcalf Way Micropark

Here is one of our areas where we have recently sown wildflower seeds. We will update you in April's report with how it's going. This is located in Metcalf Way if anyone would like to come and see how it's getting on.

These are just some of the fly tips we have received in March. We have removed over 500kg of fly tipped waste this month.
