Main actions provided

For January, We have mainly been concentrating on litter picking and general maintenance to start the New Year as you will see from some examples in the pictures below.

Comments and observations

As mentioned in previous months, our biggest observation is still the increase in fly tipping. Also unfortunately with the high winds this month quite a few banners have torn but are being replaced.

Suggestions for future actions, improvements or additional activities planned

As stated in the previous report there has been even more casualties in regard to the banners due to the poor weather conditions. So we are waiting for a date to spend the day with our tractor team to fix, repair and replace any banner and banner arms that need our attention. We are also liaising with the Manor Royal Rangers to get on top and find reasons why the fly tipping has increased so dramatically. Our personal opinion is the change in the rules within the amenity tip meaning that only residents of Crawley are now allowed to use the facilities, this could be causing people from outside the area to fly tip.

Photographic Impact Evidence (a selection of photos of work undertaken to demonstrate impact)

Before and after pictures of heavy detritus that that had be gathered only a long time along Metcalf way leading to Base point.

Fallen Tree in Metcalf way after the high winds and bad weather.

Details of CORE and ENHANCED Service levels (contract extract)

| Proposed | Enhanced element (* estimated) | | | | |
|--|---|--|--|--|--|
| Weekly litter pick (52 pa) | X40 litter picks | | | | |
| | + identify hotspots and trial extra bins | | | | |
| Weekly litter bin empty (52 pa) | - | | | | |
| Monthly road sweep (12 pa) | - | | | | |
| Remove fallen leaves and detritus from footpaths and common areas (4 pa) | X4 leaf and detritus removals | | | | |
| Washing and cleaning street furniture and signs to include street name signs, gateway / entrance signs, wayfaring signs and highways signs (2pa) | X2 washes | | | | |
| Deep cleaning/jet washing common areas, bus stops and paved areas (as required) | As required | | | | |
