Simple and Effective
Managed Parking Solutions
for Manor Royal Businesses

Working in partnership for a better Manor Royal

Parking & Enforcement Agency

Do you have parking problems on your site?

Manor Royal BID understand the inconvenience and negative impacts of car park, roadways, access road misuse and unwanted parking can have on your business. Therefore, we're pleased to offer you a Parking Management and Civil Enforcement Solutions through our strategic business partnership with Parking and Enforcement Agency (PEA).

The solutions are tailored to your specific site needs and requirements in accordance with the British Parking Associations Approved Operator Scheme Code of Practice so you can expect the service delivery to be at the highest standard.

How does it work?

It's very simple - you tell us what your parking issues are and we'll provide the right solution for you. The service includes consultation, site surveys, installation of parking signage and line marking where necessary to enable management and civil enforcement. This process will deter and reduce problematic parking whilst allowing the patrol personnel to manage and enforce your site and issue Parking Charge Notices (PCNs) if necessary.

The equipment used are the latest in technology advancement and all PCNs are issued and processed in real time.

When the PCN data is received on the PEA back-office, a team of specialists will process payments, deal with appeals, obtain registered keeper details from the DVLA and correspond with the motorists on your behalf. The 24 hour customer support telephone line and web services will help the motorist deal with any issues or queries.

PEA offer a complete end-to-end parking management solution and all PCNs are processed from point of issue to closure.

Here's what we can offer you...

PEA Services Include:

- ✓ Car Park Management and Bespoke Parking Solutions
- ✓ ANPR, Self-Enforcement and Manned Civil Enforcement Services
