

Leaf and detritus has been cleared along Woolborough Lane cycle path.

Magpie Walk has also had footpaths and cycle paths cleared of leaves and detritus.

Moss and weeds have been removed from the walkway into Crawters Brook.

Once the weather allows, we will be able to weed spray these area to help reduce weed growth.

Due to cars parking on verges in Rutherford Way which has caused a lot of damage, our team has been out to repair and re-seed these affected areas.

Due to a large build up of soil and ivy, this footpath wasn't accessible. We have now made good progress in getting this footpath cleared.

We will be using machinery to aid us in getting the remainder of the footpath cleared.

Location – Whittle Way.
