

TOP TIPS FOR KEEPING YOUR PREMISES CLEAN

We all know that first impressions count with customers and that there's no better feeling than a clean working environment. With that in mind, here are our top tips to help you keep your area clean, tidy and safe.

- Make sure that bins are not overflowing and that bags aren't left outside uncovered as this can attract rodents and other unwanted pests. If you find that your waste area is frequently overflowing, it may be best to try and obtain another bin.
- Conduct regular litter picks of your area. This will not only help your area look clean, tidy and approachable, but also help decrease the chances of any unwanted pests.
- Ensure that smoking is carried out in designated smoking areas and that cigarettes are put out properly and thrown away in a designated cigarette bin.
- Please inform the Manor Royal Rangers, or Maintenance team of anybody repeatedly littering, or fly tipping as we will be able to take appropriate action.

This advice has been provided by the Manor Royal BID Maintenance Team. To learn about this service and the other benefits available as a Manor Royal based business visit the "Benefits" section at www.manorroyal.org or contact the BID office.
