

Manor Royal Move It

Introduction

The “Move it” initiative aims to revolutionise how we travel to work by promoting more active and sustainable travel behaviours among Manor Royal businesses and staff.

Why sustainable travel matters

Frustrations related to congestion and parking are among the top concerns for Manor Royal businesses and staff.

By reducing our reliance on single-occupancy car journeys and investing in transport infrastructure and solutions, we can slash carbon emissions, alleviate traffic congestion, improve air quality, help employees cut costs as well as alleviate the pain of travelling to the business district.

Join the “Move It” movement

Join us in the “Move it” movement and be a catalyst for change in your community. Together, we can transform the way we travel, reduce our carbon footprint, and create a brighter tomorrow for generations to come.

**This project is brought to you by the
Crawley Growth Programme**

Manor Royal Move It

The Benefits

Enhanced Corporate Image

By championing sustainable travel, businesses can enhance their brand reputation and demonstrate their commitment to environmental stewardship. Showcasing a dedication to sustainability can attract eco-conscious customers, investors, and employees alike.

Cost Savings

Travel options often translate to lower commuting costs for employees, resulting in increased disposable income and improved employee satisfaction. Moreover businesses can benefit from reduced expenses associated with parking, fuel, and vehicle maintenance.

Employee Well-being and Productivity

Encouraging employees to embrace sustainable travel can lead to numerous health benefits, including increased physical activity, reduced stress levels, and improved mental well-being. Happier, healthier employees are more productive, engaged, and loyal to their employers.

Reducing your carbon footprint

Encouraging people to travel more sustainable can make a big difference to reducing your impact on the environment and demonstrates your commitment to sustainability.

How “Move It” can help

Through ‘Move it’, we offer a comprehensive suite of resources, incentives, and support to help businesses and their employees make the transition to eco-friendly commuting options. From discounted public transport fares, personalised travel advice and incentives or free staff roadshows we are committed to making sustainable travel accessible, convenient, and rewarding for all.
